Paula
 I would "copy and paste" your answer below onto the query form. Unless the TC wants to print, re-number the pages and have all the pages re-scanned into IFW.
 Thank you!
 Debbie

Subject: printer query

Hi Debbie,
 We had an IFW application sent back on query because it appeared to be missing a page. The examiner has determined that there is no missing page but that the pages were misnumbered. Is it sufficient just to make a notation to that effect on the query form or should it be handled otherwise?
 thanks
